Ten of these hold tickets will feature the Diamond symbol. If the winning dab ticket includes one of the Multi Gem symbols as a Free Space, the player holding the ticket has a chance to win the Rolling Jackpot.

Once the game is completely sold out, the operator will announce the Heaven's Jewels game will be played, serial number _____.

The operator will draw balls from the machine until the first player dabs all numbers on their ticket. If the winning ticket includes the Diamond symbol, the player wins the \$400 dab prize and will advance to the Rolling Jackpot. The player will then choose one of the 4 windows on the Rolling Jackpot card. If the word "Jackpot" appears underneath the window, the player will win the Rolling Jackpot amount and the Rolling Jackpot will start over with the beginning of the next deal. If the word "Sorry" appears underneath the window, the player will not win and the rolling Jackpot amount will advance to the next deal. Rolling Jackpot amount begins at \$200 with an additional \$200 contribution per deal until won.

If the winning ticket does not include a Diamond symbol, the player is awarded the \$400 dab prize but is not eligible to win the rolling jackpot. The rolling jackpot contribution (\$200 per deal) then advances over to the next deal.
