TRIPLE CROWN JACKPOT #7884H

TRIPLE CROWN JACKPOT – From Arrow International is a new 5-window size, 3 big window game combining instant winners, Bingo Event winners, and a Progressive Jackpot.

The ticket price is \$.50 each with 1900 tickets in a deal.
The payout is \$675.00 or 71.1%
The win ratio is 1 in 11 tickets

The gross is \$950.00
The ideal profit is \$275.00.

To play, the player would pay \$.50 for a ticket and then open the 3 windows on the backside to reveal the symbols.

Instant Winners: If the symbols inside the ticket match the winning combinations on the ticket front, they are a winner. All instant winners have the Cash Payout® feature showing the total amount won.

This game is to be played with a bingo machine, flashboard and bingo balls B1-O75

To play: In addition to instant win tickets, there are 90 total HOLD tickets (75 with one Bingo Ball number B1 through O75 and 15 with Crowns numbered 1 through 15). To start, once the deal is sold out, the operator shall announce that the Triple Crown Jackpot game with serial # _____ will be played. The operator will now open the window on the seal card labeled Triple Crown Jackpot Progressive Number and announce the crown holder number. The number under the Triple Crown Jackpot seal has a chance to win the rolling jackpot. The operator will now call bingo balls from the bingo machine.

The first ball called from the bingo machine will determine the \$100 First Ball Called prize winner - the holder of the ticket matching the first ball drawn from the bingo machine wins the \$100 prize.

To Determine the \$200 Triple Crown Jackpot down line prize winner - the player holding the ticket with the corresponding Crown #1 through #15 that matches the first vertical down line completed on the flashboard will win \$200 (i.e. for Crown #1 to win, the numbers B1, I16, N31, G46 and O61 would have to be called). Once a vertical row is completed, the operator will stop calling bingo balls and announce the Triple Crown Downline/Crown number. The winning crown number on the ticket corresponding with the top number of the winning vertical row on the bingo flashboard will receive the \$200. There will only be one Triple Crown Downline/Crown number winner in a deal.

To Determine the Potential Rolling Progressive Winner -. If the Triple Crown Jackpot downline crown winner number as determined above matches the number under the Triple Crown Jackpot progressive window on the seal card, the person holding the ticket with that number will win the progressive prize. If not, the \$200 rolling progressive amount will be carried over to the next deal.

If the deal is not completely sold out, the crown holders and the bingo ball holders will sign their names on the sign up lines on the seal card. The deal will be sold at the next bingo session for the specific charity and played as described above.
