The Story of the Drummer Boy

Although there were official age limits, these were often ignored; the youngest boys were sometimes treated as mascots by the adult soldiers. The life of a drummer boy appeared rather glamorous and as a result, boys would sometimes run away from home to enlist. Other boys may have been the sons or orphans of soldiers serving in the same unit. The image of a small child in the midst of battle was seen as deeply poignant by 19th-century artists, and idealized boy drummers were frequently depicted in paintings, sculptures, and poetry. Often drummer boys were the subject of early photographic portraits.

The youngest soldier killed during the entire American Civil War (1861-1865) was a thirteen year-old drummer boy named Charles King. He had enlisted as a drummer boy in the 49th Pennsylvania Volunteer Infantry with the reluctant permission of his father. On September 17, 1862 at the Battle of Antietam he was mortally wounded near or in the area of the East Woods, carried from the battlefield to a nearby field hospital where he died three days later.

Twelve-year-old Union drummer boy William Black was the youngest recorded person wounded in battle during the American Civil War. One of the most famous drummers was John Clem, who had unofficially joined a Union Army regiment at the age of nine as a drummer and mascot. Young "Johnny" became famous as "The Drummer Boy of Chickamauga" where he is said to have played a long roll and shot a Confederate officer who had demanded his surrender.

On the southern side an 11-year old drummer in the Confederate Kentucky Orphan Brigade, known only as "Little Oirish," was credited with rallying troops at the Battle of Shiloh by taking up the regimental colors at a critical moment and signaling the reassembly of the line of battle.

Another noted drummer boy was Louis Edward Rafield of the 21st Alabama Infantry, Co. K, known as the "Mobile Cadets." He had enlisted at age 11 and while 12 at the Battle of Shiloh he somehow lost his drum; he then obtained an enemy drum and kept on going, thus earning the title of "The Drummer Boy of Shiloh."

As the years passed the drum was eventually replaced on the battlefield in favor of the bugle although it often returned during Veteran Reunions that took place decades after the war. Many drummers had gone on to become drum majors or drum instructors themselves.
