

## TRIFECTA JACKPOT #329R

**TRIFECTA JACKPOT** – From Arrow International is a new 5-window size, 3 big window game combining instant winners, Bingo Event winners, and a Progressive Jackpot.

The ticket price is \$.50 each with 1800 tickets in a deal.

The payout is \$675.00 or 75%

The win ratio is 1 in 10.65 tickets

The gross is \$900.00

The ideal profit is \$225.00.

To play, the player would pay \$.50 for a ticket and then open the 3 windows on the backside to reveal the symbols.

**Instant Winners:** If the symbols inside the ticket match the winning combinations on the ticket front, they are a winner. All instant winners have the Cash Payout® feature showing the total amount won. All instant winning tickets are straight wins (no multiple winners in the game).

**This game is to be played with a designated bingo game and a bingo machine.**

**To play:** In addition to instant win tickets, there are 90 total HOLD tickets (75 with one Bingo Ball number B1 through O75 and 15 with Red Horses numbered 1 through 15). To start, the operator will announce that the Trifecta Jackpot game with serial #\_\_\_\_\_ will be played.

**To Determine the \$100 First Ball Called prize winner -** the holder of the ticket matching the first ball drawn from the bingo machine during the designated game wins the \$100 prize.

**To Determine the \$200 Trifecta Jackpot down line/horserace prize winner -** the player holding the ticket with the corresponding Red Horse #1 through #15 that matches the first vertical down line completed in the designated bingo game will win \$200 (i.e. for Horse #1 to win, the numbers B1, I16, N31, G46 and O61 would be called before any other vertical down line row is completed). The winning horse number on the ticket corresponds with the top number of the winning vertical row on the bingo flashboard. There will be only one down line/horserace winner in a deal. The caller will continue to call balls until a single vertical row has been filled.

**To Determine the Potential Rolling Progressive Winner -** the Trifecta Jackpot down line/horserace winner as determined above, will have a chance to win the Progressive Jackpot. The operator should now open the Trifecta Jackpot Progressive window on the seal card and announce the horse number. If the down line/horse winner as determined above matches the number under the progressive window, that person will win the progressive prize. If not, the \$200 rolling progressive amount will be carried over to the next deal.

If the deal is not completely sold out, the horse holders and the bingo ball holders will sign their names on the sign up lines on the callers card. The deal will be sold at the next bingo session for the specific charity and played as described above.
